

# Reunion 11!

By Pamela Brigham  
May 9<sup>th</sup> 2015

## New Major Revision

- Released April 15
- 75 new features!
- Update vs. Upgrade
  - Minor revisions such as 11.0.1 to 11.0.2 are updates
  - Major revisions (upgrades) are from 10 to 11
- Installing Reunion 11
  - Download file - <http://www.leisterpro.com/doc/version11/download.php>
  - Drag & drop
  - Enter license – do this when first opening

## Converting Files

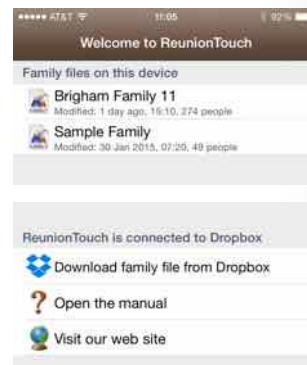

- Convert files – File->Open
  - Will look for older Reunion files
  - Select file, rename to a Reunion 11 file
- Family file sizes
  - Reunion 11 creates hi-resolution thumbnails for *images* during conversion
  - Results – non-blurry images on iPhone/iPad
  - Depending on # of images can create a much larger family file size

## Reunion Touch – syncing requirements

- Requires Dropbox account – <http://dropbox.com>
  - Basic account is free – 2G of free space
- Setup Dropbox on Mac
  - Download <https://www.dropbox.com/install>
  - Creates a Dropbox folder for files –
    - Reunion 11 files must be here!
    - Images do not need to be here!
- Requires Reunion on Mac
- Requires Reunion Touch on iPad/iPhone
  - Download from App store

## Reunion Touch

- Drag Reunion family file to Dropbox folder
- Open Reunion Touch – Connect to Dropbox
  - Download a family file
  - Large family file sizes take time
- No forced synchronization required
  - Sync occurs w/Dropbox

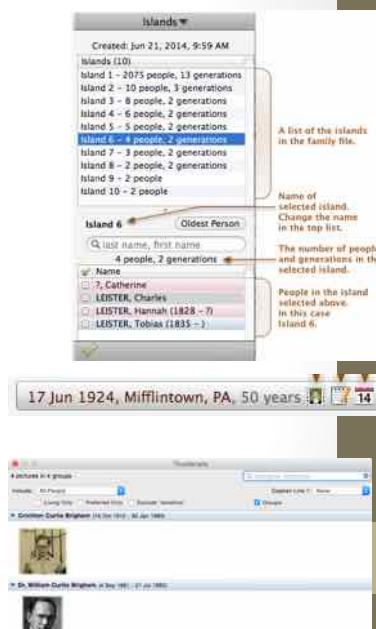

## Dropbox Limits

- DropBox
  - Start w/2G free
  - Many ways to get more free space
  - \$99/year for 1TB
